1. Front End Development
2. English Language
3. Interpersonal Skills
4. Chatbot Development
5. Git and Github

Some Projects

- CSAI edu Learning Platform
- Tweet Assistance
- COVID-19 Info Website

Work Experience

Computer Science Instructor
Thate Pan Institute — June 2021 - Present

I was offered to work there as an instructor who is in charge of developing computer science foundation course's curriculum and teaching students about JavaScript and Web Fundamentals.

Teaching Volunteer
Thate Pan Hub — Jan 2021 - May 2021

I joined there as a volunteer teacher who is responsible to teach Computer Science to the children using blockly programming. I really love teaching kids, and it suit me the best.

Content Writing Team Lead
ScienceX - Youth's Dictionary — Nov 2020 - Jan 2021

I started working there as a content writer whose job is to write some articles related to IT. After one month, I was promoted as a Content Writing Team Lead.

Volunteer English Teacher
Care Teen - TFD Project — Nov 2020 - Jan 2021

I joined TFD Project which aimed to teach the poor orphans under monastic education. I taught Grade-10 English to them. I was delighted to instruct them as they were so clever and studious.

Education and Qualifications

Bachelor of Engineering - Information Technology
Thanlyin Technological University — 2019 - 2025

Diploma in English
SEAMEO Regional Centre for History and Tradition — 2020 - 2022

Accomplishments

- Passed Matriculation Exam with 3 distinctions
- Responsive Web Design & Web Fundamentals
- Java & JavaScript Programming Fundamentals
- ASEAN Online Safety Webinar Series for Youth
- JQuery Course & HTML CSS LinkedIn Skill Badges
